D. O. A-o. 2758-27

Office of the Director of Civil Supplies
and Controller of Prices in Mysore.

Bangalore, 18th September *1918* .

Dear Sir,

I enclose for your information copy of a note giving a report of the action taken in regard to food supplies within the last few days. This copy was submitted to the Dewan Sahib today. I hope you will have time to go through it before I see you tonight.

Yours sincerely,

Ranganatha Rao

Asst

To

C. S. Balasundram Iyer, Esq., B.A.,
Chief Secretary to Government.

Exports by rail and by road.

Statistics. The statistics of exports by rail for the week ending 31st August has been submitted to Government. They indicate that 87200 Mds. of food grains classed under "Others" consisting chiefly of - Navane are exported outside the State. The Deputy - Commissioner Chitaldroog considers that this grain should also be included among controlled food stuffs. A recommendation has been submitted to Government.

The statistics of exports by road are required to be forwarded to the Director of Civil Supplies once a fortnight. No returns have been received as yet. The Deputy Commissioners have been requested to forward weekly returns and Government have been addressed to substitute weekly returns as against fortnightly returns in the circular memorandum issued dated the 24th August 1918.

Unauthorised exports.

i) By road. A very large quantity of Rice and Ragi is concentrated at Davengere with a view to its unauthorised export outside the State. The Railway Registers at Davengere show an import of 13455 bags of - food grains between the 21st August and 9th September. An enquiry there showed that much larger quantities cross the frontier by road or across the river by ferries than by Railway. A merchant of Byadgi had 1000 bags of Ragi transported from Davengere by road stored near the river at Harihar. A vigilance Committee has been created at Harihar with the Police Inspector as Chairman to check surreptitious removals. It is necessary that a Police patrol should be established on this border immediately. The Inspector General of Police is understood to have applied to Government for sanction to establish a patrol - staff and to sanction the appointment of Assistant Superintendent of Police stationed at Davengere to supervise

20

the work of this staff.

It is at the same time necessary that the prosecution of people who are known to have attempted to remove food grains unauthorisedly should be undertaken. Several instances have been reported to the Amildar of Davengere and the Deputy Amildar of Harihar. The attention of the Deputy Commissioner, Chitaldroog and Inspector General of Police has been invited to this subject.

(ii) By Rail. Although the exports by rail are not large there are rumours that some grain is going going registered as Cotton Seed, Mustard etc. I have stationed an Inspector at Davengere with instructions to watch all loadings at Davengere and Harihar and submit a daily report to me.

With a view to prevent a concentration of all food grains at the frontier stations I have requested the District Traffic Superintendents to prohibit all inter-station traffic in food grains within the State except on certificates. I have received intimation that this has been done.

The General Traffic Manager regrets his inability to permit the stationing at terminal stations of Inspectors with power to check the contents of suspicious waggons as it would interfere with the necessity of keeping waggons constantly on the move at the present time. At the same time he is prepared to assist us in preventing unauthorised exports and that disregard of his instructions will meet with severe punishment. I saw him at Madras on the subject on the 14th instant. He has promised to reconsider the subject with the Agent on Tuesday next and to do his best to permit the stationing of an Inspector

21

at least at Harihar.

Prohibition of exports by road from Madras.

In retaliation of the measures adopted by the Government to prevent depletion of stocks, the Director of Civil Supplies, Madras had issued an order to the Collectors of Bellary, Anantapur, Salem North Arcot, Chittore and Coimbatore prohibiting the export of food grains into Mysore. This caused considerable uneasiness at the Kolar Gold Fields to which considerable supplies are imported weekly.

I saw Mr. Wood on the 14th instant and on my representation he has cancelled his order and has directed his Collectors not to interfere with normal Mysore traffic provided that copies of the weekly returns prepared by officers in charge of Cookdn are sent to Collectors concerned. He has also agreed that complaints from Collectors of any interference with normal traffic should in the first instance be addressed to me. A copy of his order is enclosed.

Supplies of food stuffs to the Kolar Gold Fields.

The refusal of the Railway to book Ragi to Davengere without certificates diverted the accumulated stock of Ragi to the Gold Fields which had therefore more than its usual supplies at the Shandy on Sunday last.

I met the Kolar Gold Field Mining Board on the 15th instant and explained the situation to the Board. They are anxious to accumulate at least one month's stock at the field. I pointed out the necessity of doing it gradually without unsettling conditions in other parts of the district and promised all the assistance in my power. They were very gratified

to learn about Mr. Wood's order.

Supplies to Shimoga & Davengere.

Arrangements for supplying Ragi weekly to Shimoga and Davengere for sale to the public at satisfactory prices have been made and will be continued. A Committee has been organised at Davengere to import food grains and retail them to consumers at cost price.

Food situation in Bangalore.

In view of the critical condition created by the curtailment by the retail sellers of their usual sales of Ragi to the Bangalore Public, I decided in consultation with Messrs. Hariyanna, Garudachar, Rose to recommend Government to fix the maximum price of Ragi at Rs.50/- per cartload. The merchants who had stocks were with some difficulty persuaded to part with about 4000 bags. Mr. Rose has kindly consented to permit me to draw on the Mysore Bank and a sum of Rs.15,000 has been paid as advance towards Ragi delivered. Eight of our leading men have agreed to open depots in various quarters of the City to retail Ragi delivered by me. They agree to meet all expenses in connection with the retail sale of Ragi. A system of rationing by tickets has been introduced. Rs.716/- worth of Ragi has been sold in the depots. It has eased the situation considerably as the retailers are also selling Ragi at Government and even lower prices. The Government have issued a Notification fixing the maximum prices of Ragi (1st sort) at Rs.50/- per cartload in the Bangalore District

P.T.O.

28

Food situation in Mysore.

The Deputy Commissioner wired on the 13th asking me to go over to Mysore at an early date. I telegraphed that I would be starting the same night but as I was directed to see Mr.Wood at Madras in connection with his order stopping supplies to Kolar, I had arranged to send 1000 bags of Ragi to Mysore should the Deputy Commissioner require it. The Ragi has been sent to Mysore and he is deposited in the stores of the President of the Municipality.

The Extra Member held a meeting of the leading merchants at the Public Offices Mysore on the 16th instant. The merchants represented that maximum prices of Ragi, paddy, and Rice should be fixed. Some of the merchants agreed to sell ragi in retail at 12 seers a rupee provided it was delivered to them at Rs. 52/- at F.O.R. at Mysore. They also prayed that the maximum price of paddy should be fixed at Rs.14/- per Khandaga in the Mysore district and Rice (2nd sort) 6 seers a rupee in Mysore town. Arrangements for taking stock of food grains now in Mysore and the opening of depots were settled by discussion at a meeting yesterday in which the President, the Deputy Commissioner and myself were present.

Encl. 1

Office of the Director of Civil Supplies
and Controller of Prices in Mysore.
Kitchetty Chathram Road.

Bangalore City 19th September 1918

DIARY NO. 5134

From

C. Ranganatha Rao Sahib, Esq., B. A., B. L.,
Director of Civil Supplies and Controller of Prices.

To

The Chief Secretary to the Government of H.H.
The Maharaja of Mysore, Bangalore.

Sir,

I have the honour to state that a meeting of the important merchants and business men of Mysore was held under the chairmanship of the Extra Member of Council on the 16th inst., in the public offices of that City. Both the President of the Municipality as well as the Deputy Commissioner, Mysore District, were present at the meeting. The entire situation in regard to the supply of food grains in Mysore was discussed at full length at this Meeting. The Merchants represented that if ragi was delivered to them f.o.r., at Mysore Railway station at Rs.52 per cartload of 640 seers they will be able to sell retail to the public at 12 seers to the rupee. It was also represented by them that maximum prices should be fixed for paddy and rice. They were of opinion that the price of paddy second sort Dhappa Batha, including Kembutti, Kadai Arubellu should be fixed at 14 rupees in the District of Mysore and that the maximum price of rice hulled from such paddy should be fixed at 6 seers per rupee in the City of Mysore. I have the honour to submit that Government may be moved to pass necessary orders in regard to notifying the maximum prices of paddy and rice as stated above. The merchants at the meeting also made representations for facilities for waggons for the import of chillies, chenna, tovare dal and salt in regard to

which I am taking necessary action. I enclose for submission to Government an application in original submitted to the Extra Member of Council by the merchants at the time.

I have the honour to be,

Sir,

Your most obedient servant,

C Ranganatha Rao

Director.

No. 3390 Office of the Director of Civil Supplies,
and Controller of Prices in Mysore,
Bangalore, 10th October 1918.

P. P. 102-18
Serial 8

From

C. Ranganatha Rao Sahib, Esq., B.A., B.L.,
Director of Civil Supplies in Mysore,
Bangalore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

With reference to Government Notification No. G. 6196 PP 102-18-5 dated 26th Sept 18 fixing the maximum wholesale price of Ragi in the Mysore District at Rs.52/- per cartload, I have the honour to state that I understand both from the Deputy Commissioner, Mysore District, as well as from the Honorary President, Mysore Municipality, that -- there is no prospect of obtaining local supplies of ragi in Mysore, and that the quantity required for Mysore City estimated to be about 3000 pallas per month should be sent from Bangalore or other place, from which ragi may be obtained without unduly unsettling local market conditions. As Government are aware, I am endeavouring to buy sufficient stocks of ragi at Rs.50/- per cartload in the Bangalore District, and I find that the cost of despatching ragi to Mysore inclusive of the depreciation in value of gunny bags works out, at Rs.7-10-0 per cartload of 640 seers, as follows:--

(i) Railway freight per 8 bags of 80 seers weighing 2 Mds. at 0-3-1 per maund.	3--1--4

(ii) Cart hire from central stores to Railway station, cost of stitching bags, etc., at 0-2-1 per bag for 8 bags.	1--0--8
(iii) 50Per cent Depreciation in value of bags for 8 bags at Rs.85/- for 100 bags.	3--8--0
	7-10--0

At a meeting of the leading merchants in Mysore under the Chairmanship of the extra Member of Council - held on the 16th September 1918, the merchants undertook to sell Ragi at the retail rate of 12 seers per rupee, - provided it was delivered to them at the Mysore station at Rs.52-0-0 per cartload. And the ragi now being sent by me to the Honorary President is being sold in Mysore under his orders through selected merchants at the retail rate of 12 seers per rupee. The Honorary President desires that Government should be moved to fix the maximum price of the retail rate of ragi in Mysore City at 12 seers a rupee, in order that any violation of the terms under which he distributes ragi to the merchants may be legally punishable. The amount realised for a cartload of 640 seers by the sale of ragi at 12 seers - per rupee is 53-5-4 and it is probable that the expenses of retailing ragi in Mysore will amount to about 1-5-4 or the difference between the gross realisations per -- cartload and the amount the merchants in Mysore undertook to pay for a cartload delivered at the railway station. As stated already the cost of transporting ragi to Mysore is 57-10-0 and the net realisation by sale at the retail rate of 12 seers is about Rs.52-0-0.

I beg to solicit orders as to how this difference i.e., 5-10-0 per cartload or 14 annas a palla should be adjusted. I may perhaps mention here that the Bangalore Municipality have asked me to sell ragi at the Government Depots at 14 seers per rupee and have agreed to bear the

the loss sustained in the transaction. I also beg to recommend that as ragi is actually being sold in Mysore City at 12 seers per rupee the Government may be pleased to Notify this rate as the maximum price.

I have the honour to be,

S i r ,

Your most obedient servant,

L Kanganamma Rao Sahib

Sir,

With reference to Government Notification fix maximum price of paddy in the Mysore District, I beg to suggest that arrangements should be made in Mysore for the purchase and distribution of paddy ~~xxxxxxx~~ similar to those made in Bangalore in regard to ragi. I understand from the Deputy Commissioners that stocks of paddy will be available for sale in the taluks of Yedatore, T. Narsipur and Nanjungud I beg to request that a sum of Rupees thirty thousand may be placed at my disposal at the Bank of Mysore, Mysore, as advanc for the purchase of paddy. Purchases will be effected throu the Deputy Commissioner, and the paddy transported to Mysore either by road or by rail and hulled at the Cauvery Rice Mill where the rice will be stored till it is required.

As I received a telephone message from Mysore to-day that supplies of rice are falling short I have requested the Bank of Mysore ~~xxx xx~~ to place Rs.5000/- at my credit at Myso for being utilised by the Deputy Commissioner as advance for th purchase of paddy.

I have the honour to be,
Sir,
Your most obedient servant,
C Ranganatha Rao Sahib

K. Matthan, Esq., B.A.,

Deputy Commissioner,

Mysore District.

6704

To

C.S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Government

of H.H. the Maharaja of Mysore.

Sir,

I have the honour to state that I have received this day from the Director of Civil Supplies a request to arrange to purchase paddy in the Yedatore, T. Narasipur and Nanjangud Taluks for supply to the Mysore City. I have issued instructions to the Amildar of Yedatore to arrarge for this as far as possible, and am asking the Amildars of T. Narasipur and Nanjangud Taluks to report to what extent they can co-operate; but in this connection I have to say that the purchase of grain on any large scale for supply to Mysore City and to other Districts in which the stock of paddy may be deficient is not an operation that can be attended to by the Local Revenue Officers in addition to their other multifarious duties which are specially arduous at the present time owing to seasonal and public health conditions. There are so many details incidental to the purchase, stocking and despatch of the grain that it is absolutely necessary to have a special officer to attend to this work. I therefore request that the operations may be placed in the hands of a special officer who should work under the orders of the Director of Civil Supplies. The Local Revenue Officers will, of course, co-operate with him to the fullest extent.

2. If the Government should decide that these purchases should be made by the Local Revenue Officers, there are some points on which orders of Government are necessary.

44

3. Information that I have received from various sources goes to show that much of the paddy that was available in the paddy growing taluks of this District has been already sold away, that persons holding stocks of grains to any appreciable extent are few, and that it would be difficult to get any large quantities by purchase on a voluntary basis. A certain amount of compulsion appears to be necessary, and I have the honor to request that Government may be pleased to consider th question of authorising the Director or local officers under Rule 3 B(7) of the Rules under the Defence of India Regulation to commandeer stocks when necessary.

4. From para (2) (c) of the same rule, it would appear that when any stocks are commandeered, the price to be paid for the commodity is the maximum price which may be fixed under para (2) (b). It is, therefore, to be noted that if paddy is purchased at Rs.14 per candy in villages in the Yedatore Taluk and brought to Mysore, the cost at Mysore may be Rs.15 per candy or more while the maximum price fixed for Mysore City is ~~also~~ only Rs.14 per candy. The Government will, therefore, have to bear all the expenses incidental to the purchase and transport of the grains to Mysore City. Even if purchases are made by negotiation on a voluntary basis it may not be possible to get the grain at less than Rs.14 per candy at the place of production. I have the honour, therefore, to request definite orders of Government as to the price that may be paid for the commodity, and as to how the loss, if any, is to be met.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,
Mysore District.

General No. RHC 501

No. Rev 18-19

Enclosure No. nil

Requesting to fix maximum prices for rāgi, rice and jola throughout the Mysore District, etc.

Office of the Deputy Commissioner,
Mysore District.
Mysore, dated 5th November 1918.

T230

From

K. Matthan, Esq., B.A.,
Deputy Commissioner,
Mysore District.

To

22

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore,
Bangalore.

Sir,

I have the honour to state that the situation in regard to food-grains in the Mysore District has been causing me considerable anxiety for some time past.

2. The requirements of the population both in towns and in villages, have hitherto been met by the supplies in Shandies and by imports from other Taluks and Districts. Where supplies from ordinary sources failed, most of the Amildars have taken energetic measures both for the import of grains from outside and also for getting the stocks available with ryots in their own taluks brought out and sold to the public at reasonable rates. In Mandya, Seringapatam, Yedatore, Nanjangud Chamarajnagar and Krishnaraja Sagara Works, the situation frequently reached an acute stage owing to ragi not being available, but by timely action taken, actual distress has hitherto been avoided. The reports latterly received, however, show that the position is getting beyond the control of the local officers. The supplies coming into the Shandies have been getting low, and latterly there has been a sudden fall in the supplies owing doubtless to the prevalence of influenza almost throughout the District and the quantities now coming into the Shandies in most of the taluks are quite insufficient for the large numbers of people demanding ragi. The

52

The Amildars have been able to do a good deal in the way of getting out the stocks available in their taluks by methods of persuasion, but in most of the taluks the limits of what can be done by persuasion have been reached. In several places which I have recently visited, the cry is very insistent that ragi and rice are not available, and that well-to-do persons who have got stocks of these are not bringing them out and making them available to those wanting to buy. Those who have been getting their supplies from Bangalore and Tumkur now find it practically impossible to get any further supplies as the Director of Civil Supplies is purchasing everything. The Director of Civil Supplies had promised to supply me with 1,000 bags of ragi to meet urgent requirements in the District, but this has not yet been received.

3. very gloomy accounts of the situation are coming in from almost all the taluks. Recently there was no ragi at all to be had in Chamarajnagar, Nanjangud and Seringapatam and in the first two of these places, I had to send out some supply obtained from the President of the Mysore City Municipality. Rice is being sold at famine prices even in places like Nanjangud, Yedatore etc. As the maximum price for paddy alone has been fixed, the merchants and others who own paddy, therefore, send the grain to Mysore, get it milled and sell the rice in places outside the Mysore City at any price they like as no maximum price for rice has been fixed outside Mysore City.

4. In these circumstances, I am compelled to request the Government, first, to fix maximum prices for rice, ragi and jola throughout the District, secondly to authorise me to commandeer stocks of

of these commodities; and thirdly to instruct the Director of Civil Supplies to supply the needs of this District as reported to him from time to time.

5. As regards maximum prices, I think the price of ragi should be fixed at 12 seers a rupee throughout the District. For rice in Mysore City, the maximum price is 6 seers a rupee, but this will be too high for outlying parts since the charges for pounding the paddy and converting it into rice are higher in the moffussil than in the District Headquarters. From enquiries made, I have ascertained that if one palla of paddy is given out to be pounded, the pounders give back only 40 to 42 seers of rice. As the maximum price for paddy of the 2nd sort is 14 rupees a candy or Rs.7-12-6 a palla, it appears that the maximum price that can be fixed for rice of the 2nd sort in moffussil places is 5 seers per rupee. As regards jola, the price may be fixed as for ragi.

I have the honour to be,
Sir,
your most obedient servant,

For Deputy Commissioner,
Mysore District.

PRESIDENT, CITY MUNICIPAL COUNCIL,

MYSORE.

To,

C. S. Balasundaram Iyer, Esquire., B.A.,

Chief Secretary, to the Government of His Highness

the Maharaja of Mysore.

SIR,

With reference to your enquiry whether the Municipal Council will bear the Railway and other extra charges incidental to the import of Food grains into the Mysore City, I have the honour to state that the charges incurred on this account are of an unprecedentedly unusual nature brought on by widespread depletion and shortage of food grains due to unbridled export outside the State and adverse seasonal conditions etc. Such extraordinary and unforeseen charges could not reasonably be provided for by the Municipal Council out of their ordinary very slender resources. The situation necessitating these extraordinary measures, is one more akin to famine than anything else.

2. The circumstances of the Mysore City, besides, are exceptional, it being the Capital of the State, with a large floating population both from within the whole of the State and from outside, resorting to the City for Dassara &c., and nearly half the total residential population depending upon the Royal bounty for their livelihood. The remaining half are mostly laborers and ill-paid Government servants with pay ranging from Rs. 4 to 15. The City is not a trading centre nor a Sanitarium like Bangalore and the

the major portion of the people live in abject poverty. Th finances of the Municipal Council are in no way capable of meeting such extraordinary items of expenditure as the annual income hardly suffices to meet the ordinary expenditure.

3. Under these circumstances, I have to request that you may be so good as to move the Government to debit the whole of the incidental expenditure due on this account to State ' Famine Funds' - under Budget head, Famine Relief and Insurance 34 Famine Insuran

requesting early orders re-
-garding the adjustment
of the difference between the
actual charges & the selling
price of rice at Mysore-
-reported in your letter

over.

Office of the Food Controller & Director
of Civil Supplies in Mysore.
Dated, Bangalore, the 29th April 1919.

From
The Food Controller & Director
of Civil Supplies in Mysore.

68425

To

The Chief Secretary
to the Government of Mysore,
Bangalore.

Sir,

With reference to your letter No.G12805/P.P.102-18-35 dated 28th December 1918 enquiring what the total of charges on account of Railway freight etc. on certain consignments will come to, I have the honour to state that the charges referred to in my letter No.5128 dated 8th December 1918 related to 6100 bags of ragi said to contain 5325.67 pallas consigned up to 22nd November 1918 to the President of the Mysore City Municipality and they amount to R$3519-13-3. This does not include Railway fare from Bangalore to Mysore and cart-hire etc. paid at Mysore which has all been paid by the Municipality. In preparing the bill for the consignment these charges were also included and a bill was prepared for a total sum of R$47,366-4-8. Against this demand, the President has paid a sum of R$46,289-2-9 as the quantity received by him was found to be only 5186.93 pallas against 5325.67 pallas billed for. The shortage noticed is about 2.6%. As Government have, in their Order No.G24379-91/P.P.134-18-530 dated 23-4-1919 sanctioned the allowance of a shortage up to 3%, the difference in value Viz. R$47,366-4-8 minus R$46,289-2-9 = R$1077-1-11 has to be written off the accounts. Necessary orders may be

be kindly issued to the Comptroller to adjust this amount.

As the charges Viz. R3519-13-3 for the Railway freight etc., has been included in the bill and admitted by the President, no further action seems necessary in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director
of Civil Supplies in Mysore
